

Ryerson Undergraduate Students' Alliance

Our proposed structure addresses the major issues that students want from their students' union:

1. Financial Transparency
2. Fully Accountable to Students
3. Useful & Reliable Services

We have ensured these principles are upheld in our by-laws and policies, which are available at our website: rusalliance.ca

Our Structure

Our structure ensures the important portfolios have elected students working on them, such as Equity or Education. The Board is smaller which saves money.

The staff structure allows for better oversight and management, meaning your money is better spent.

Restructuring the team in this way saves around \$400,000 and this can go towards services and clubs to better serve you!

Key Features

- Executives can no longer make unilateral decisions regarding staff hiring / firing.
- Executives are paid hourly and cannot raise their own wages anymore.
- The budget must be shown to students for feedback before it is approved.
- All important documents (By-Laws, Budget etc.) must be available online.
- Election policies are clearer and simpler, ensuring all can participate
